Getting Played: Printed resources order form

The Getting Played program helps ACT secondary students recognise gambling-related influences that can appear in gaming, sport and online environments. It encourages young people to think critically about these influences, make healthy choices and know where to get support.

This order form is for printed resources that support the program, including a student poster pack, teacher poster and brochure for parents, carers and school communities. The resources reinforce key messages from Getting Played and help extend conversations across the broader school community.

Printed resources are available free of charge to ACT schools and youth-focused organisations while stocks last. To ensure resources are available to as many schools and organisations as possible, order limits apply.
